## Zertifikat

3D optical measurement of the skin surface in accordance to DIN-Norm:  
4768ff

### Cleansing Milk, Enjoy Age Cream, Natural Moisturizer

The dermatological test with 20 subjects was performed under the control of dermatological specialists on the mentioned test products. The results showed excellent skin tolerance properties and an improvement in skin roughness (assessed by 3D optical measurement in accordance to DIN 4768ff) after the four-week application. The mean improvement in skin roughness (wrinkle depth) amounted to 34,19 %.
